- **Development Tools & Server:** Visual Studio, PyCharm, Eclipse, SQL Server Management Studio, DbVisualizer, JBoss
- **Source Code Management Tools:** GitHub, SVN
- **Agile:** Rally

Professional Summary

- Total 2 years of work experience in IT industry.
- 2 years of experience in web and mobile development technologies in UnitedHealth Group(Optum)
- Involved in end to end delivery of module, code customizations or new requirements and converting them into functional specifications
- Strong knowledge of SDLC with experience in working on Agile methodology (Agile Central)
- Strong communication skills with an ability to grasp new things quickly
- Good team player with strong interpersonal skills

Work Experience

UnitedHealth Group(Optum), Noida - Software Engineer

(July 2017 – till Present)

Projects:

Patient Portal:

(Aug 2017 - July 2018)

- **Description:** I was involved in developing a web application portal for a health insurance company of US. It involves developing responsive pages using HTML5, CSS3, Angular Material, developing Angular code (Modules, Components, Services, Pipes, JSON calls etc.), integrating HTML with Angular and integration of front end with back-end. My role in this project was to analyze requirements, design and development of front-end, defect fixing, unit and integration testing.
- **Role:** Web Developer

- **Technology & Tools:** Angular, JavaScript, HTML5, CSS3, Angular Material, Jenkins, Docker, OpenShift, SonarQube, DbVisualizer, GitHub, Visual Studio, Eclipse, Rally
- **Responsibility:**
 - Requirement analysis.
 - Defining the code flow and code structure.
 - Focus on performance of the application.
 - Developing the code and deploying the source code in the server.
 - Unit and integration testing of the application.
 - Defects Analysis and resolution.

eClinic Bonus:

(July 2018 - Nov 2018)

- **Description:** I was involved in developing web application for a large health insurance provider organization. It involves developing responsive HTML pages using HTML5, Bootstrap and CSS3, writing Angular code, integrating HTML pages with Angular and integration of front end with middleware. My role in this project was to analyze requirements, design and development of front-end, unit and integration testing and defect fixing. It was a huge success for me, as this project had very strict timelines and we completed it within a very short period of time. I got appreciation award for this.
- **Role:** Web Developer
- **Technology & Tools:** Angular, JavaScript, HTML5, CSS3, Bootstrap, Chart.js, Visual Studio Code, SQL Server Management Studio, SVN, Rally
- **Responsibility:**
 - Requirement analysis.
 - Defining the code flow and code structure.
 - Developing the code and deploying the source code in the server.
 - Focus on performance of the application.
 - Preparing detailed design documents and Unit Test plans.
 - Unit and integration testing of the application.
 - Defects Analysis and resolution.

TrekWell:

(Nov 2018 - till Present)

- **Description:** I am involved in developing web and mobile application for clinics of healthcare company. It involves developing web application using Angular, HTML5, CSS3 and Bootstrap & Ionic, Cordova, Angular for mobile application. My role in this project is to analyze requirements, design and development of web and mobile app. Also, I am working in R&D using Python, OpenCV library for features to be used in future releases.
- **Role:** Web and Mobile Developer
- **Technology & Tools:** Angular, Ionic, Cordova, HTML5, CSS3, Bootstrap, Python, OpenCV, Visual Studio Code, PyCharm
- **Responsibility:**
 - Requirement analysis.
 - Defining the code flow and code structure.
 - Developing the code and deploying the source code in the server.
 - R&D in Computer Vision Aided area.
 - Created API using Flask framework for R&D work.
 - Focus on performance of the application.
 - Unit and integration testing of the application.
 - Defects Analysis and resolution.

Education

| Qualification | School/College (Board/University) | Year of Passing | Percentage |
